

Historic Westfield

Saturday, March 25

Celebrate the rich historical past of Westfield, Indiana and hear the stories of the Underground Railroad, the Quilts that led the slaves to Westfield, the high school that was built in 1861 by the Quakers to educate their children, and the Quaker lifestyle in Central Indiana over 150 years ago. Take a Saturday afternoon stroll through downtown Westfield and visit the unique restaurants and shops.

Westfield was a major stop on the Underground Railroad between 1834 and 1863. Lanterns were used by Quakers to welcome the runaway slaves to their homes.

Raptor Rehabilitation of Kentucky, Inc. will have a presentation of live owls, hawks, and eagles. This group of volunteers helps care for injured raptors from around the United States and heals these birds back to nature.
